

OFFICIAL A/V NEEDS

Audio-Visual:

- Kristen needs a wireless handheld microphone when speaking to groups of more than 25 people.
- If necessary, Kristen will work with you to determine a time for an A/V check before her presentation.

Slides & Handouts:

- Kristen does not use PowerPoint, slides, or any other digital visual aids in her sessions.
- Kristen will occasionally create workbooks or printouts for her sessions. Her team will send you the files in advance so that you can print them prior to the event.
